On 2/21/58 [redacted] who has furnished reliable information in the past, advised SA [redacted] that he had attended an open meeting of the Oak Cliff White Citizens Council, which was held at the Adolphus Hotel on 2/20/58, at 8:00 P. M. Dr. B. F. DEARMORE, President of the Worth Bible College and President of the Southeast Side Civic League, Fort Worth, Texas, was the main speaker. [redacted] estimated the attendance at about 100. It was determined at this time that persons from Arlington, Sherman and Fort Worth, Texas, were present, as well as people from the Dallas area.

The "St. Louis Sentinel" and other similar type literature were passed out. [redacted] advised that about 2/3 of the people were over 45 years of age and most of them appeared to be of the working class, although there were a few very well dressed persons also present. Among them, an individual named [redacted] of Sherman, Texas, and his wife and another couple were present. This [redacted] appeared to be very anti-semitic and stated that all white citizens should be armed to protect themselves. He stated that he carries a gun with him in his car all of the time.

b6
b7C
b7D

Dr. DEARMORE's speech was mainly on segregation and why the Bible said the races must be segregated. Following DEARMORE's speech, the Reverend ROY E. DAVIS, SR., of Dallas, Texas, spoke. [redacted] stated that DAVIS's speech was a very strong speech and he really harangued the crowd. According to [redacted] DAVIS made the statement, "I would rather die or be put into prison than to have the public schools of Dallas integrated".

105-4840-20
DAVIS stated that he is traveling around the State of Texas in his work to prevent desegregation and made the statement that since 12/17/57, he has put over 16,000 miles on his car. DAVIS stated that he goes to Texarkana, Texas, every week in connection with his work in desegregation. DAVIS went on to state that if we do like the people of Texarkana, Texas, did, the Dallas Public Schools will not be integrated.

Policemen Claimed Members

Retired Minister May Lead Dallas Klan

DALLAS, March 27 (AP). — A retired Baptist preacher said here Thursday he "had been offered the leadership of the 40,000 to 50,000 members of the Ku Klux Klan in Dallas County" after a White Citizens Council leader asserted the Klan membership included some Dallas policemen.

Rev. R. E. Davis Sr., 68, said he was asked by imperial head-

quarters to take over." He said Eldon L. Edwards, imperial grand wizard of the Klan, of Atlanta, Ga., made the request.

"I haven't accepted the appointment yet," Davis said, but added that he probably would. He said he may accept a higher post with the Klonecillium, a Klan governing body, at the same time.

Davis refused, stating that he

Leon Blount, who appeared before the Dallas School Board Wednesday night to speak against integration.

"Integration will cause bloodshed," said Blount, who spoke for approximately 30 members of the Oak Cliff Citizens Council attending the meeting.

"Underground" meetings are being held in eight or 10 places in the city almost every night to fight integration. The school board doesn't know about this.

"Members of the Dallas Police are in the Ku Klux Klan, too," he declared.

Davis denied any Klan connection with "bloodshed" or "underground meetings."

"If there are such meetings, they are not being held by the authority of the Klan in Texas or in any of the 48 states," he said.

Carl F. Hansson, Dallas chief of police, when told of the statements Thursday, said he did not know of any "underground meetings" by pro-segregation groups. He declined to comment on Blount's charge that members of the police department were in the Ku Klux Klan.

Persons present at Wednesday night's meeting represented groups advocating both integration and continued segregation.

[redacted] PSI made available one copy of those leaflets (which is being filed in the 1-A section of 105-4840). That circular contains a photograph of Rev. J. A. LOVELL, pastor, First Covenant Church, Dallas, Texas, and identifies him as a "Biblical Commentator on World Affairs" and announced that LOVELL speaks every Sunday over Radio Station XERF, 1570 kilocycles, and indicates that this program is heard in various foreign countries giving the proper times he could be heard in other time zones. The leaflet stated that persons who send \$1 or more to support those broadcasts, would receive sermons entitled "What the Bible says about Segregation" "America at the Crossroads" "The Bible and Racial Purity" and "Shall America Sell her Birthright to Appease The Integrationist". Also a four months trial subscription to a publication known as "Kingdom Digest" would be furnished. Contributions were to be sent to J. A. LOVELL, Box 13713, Dallas 24, Texas.

I wish to acknowledge your recent letter, by which you transmitted a pamphlet, apparently prepared by one  of Lenoir, North Carolina, which is anti-Semitic in nature. It is observed you state this pamphlet was furnished by a woman who said she had obtained same at the Oak Cliff Citizens' Council.

Thank you very much for your kindness in forwarding this material, which you can be assured will receive appropriate attention.

Very truly yours,

[redacted] stated that organization will meet in the same room every Friday night.

[redacted] stated that on 5/3/58, the Pleasant Grove Citizens Council held a meeting in the Open Door Baptist Church, 10315 Lake June Road, Dallas, Texas. [redacted] stated that the response to this meeting was not too good, and that another meeting will be held on Saturday, 5/17/58, at the same location, and it is hoped they will do better next time.

School Board To Limit Talks On Integration, Segregation

The Dallas School Board will set up rules and regulations limiting discussion at future board meetings on integration and segregation, Dr. Edwin L. Rippy, board president, said Wednesday night.

"We don't intend to have these meetings become forums for discussing the merits of segregation or integration," Dr. Rippy said at Wednesday's board meeting, following a speech by a citizen favoring racial segregation.

The board president made the statement after V. Peter Milbourn, who said he represented the Pleasant Grove community, spoke. Mr. Milbourn spent much of his time complaining about unfair coverage which he said The Times Herald was giving segregationist stories.

HITS NEWSPAPER

His specific complaint was that the newspaper had not played up news of a 909-name petition submitted to the board several months ago by citizens favoring segregation in Dallas schools. Mr. Milbourn said integrationists received more space and news play than segregationists.

"Don't underestimate the strength of the segregationists," he told the school board.

Dr. Rippy did not elaborate on what rules the board will set up to limit future discussions.

OPPOSES JUNIOR COLLEGE

Lloyd Riddle, an officer in the Oak Cliff White Citizens Council then took the floor to oppose an integrated public junior college proposed for Dallas. He said the board was mistaken if it believed integration in state junior colleges was a necessity.

"There are two East Texas jun-

ior colleges which are not integrated," he said.

He added that troubles resulting from attempts to integrate Dallas schools "would make Little Rock look like a pink tea."

ATTACKS PTA

He called the PTA, which is sponsoring a petition of citizens favoring the establishment of the junior college, an integrationist

group, taking orders "from their Yankee bosses up North."

Dr. Rippy told the segregationist speakers that they should address their remarks to lawmakers, rather than to the school board.

"The board feels Dallas should have a junior college, but the citizens will have the right in a referendum to determine if they want it," Dr. Rippy said.

SCHOOL INTEGRATION IS RACIAL SUICIDE

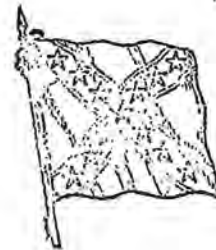

Above is an example of what the race-mixers want to happen in every school in America. Notice that every shade of color is represented in the picture from coal-black to "high yellow" as well as pure White. What will America's answer be - segregation and racial purity or integration and mongrelization? We must give our answer now.

MIXING OF NEGROES INTO OUR WHITE SCHOOLS LEADS TO THIS:

Negro neighbors, which means 50% property devaluation immediately; increased venereal disease in our schools; exposure to Sickle Cell Anemia, an incurable disease of the black race. It is hereditary and communicable. No more than 50% of the Negro Race are ever married, though they live together as mates.

More knife fights and stabbings in the school-mixing of the Black Race with the White Race in the schools of Washington, D.C., Chicago, Detroit and St. Louis, has proven school integration a failure, even with the help of local police.

"Block-busting in your neighborhood" has happened to South Dallas; is happening in East Oak Cliff and South Oak Cliff, now. No more restrictions on property as far as Race is concerned.

One Negro woman arrested for vagrancy in Oak Cliff has nine children; each child has a different father. She has never been married; all are supported by a local welfare agency.

You are supposed to welcome these Black People into your churches, clubs, cafeterias, swimming pools and public toilets, and into your own home. This is the aim of UNESCO, NAACP, Urban League and Brotherhood groups that the P.T.A. allows to speak to your children on "One World Government," "One World Religion." Your Pastor - or your Priest - knows - ask him.

The above is also the wish and desire of the National Council of Churches and the Communist Party.

What can you do.....Carefully select and support candidates for City, State and Federal offices who are FOR continued segregation and States Rights.

PUPIL STABBED TO DEATH IN ST. LOUIS SCHOOL

"MERELY A FIGHT BETWEEN TWO BOYS"

A 15 year old negro student was fatally stabbed by another 15 year old negro pupil in a hall of Hadley Technical High School, St. Louis, on March 19th. Students were changing classes shortly after 2:00 P. M., when a fight occurred in front of the engineering classroom, Melvin Taylor, living in the Igoe Housing Project, fell to the floor bleeding badly. A teacher carried him to the First Aid Room. When it became apparent first aid would not suffice, police were called. They summoned an ambulance which took the boy to the hospital where he died later that evening.

Reporting on the murder, the negro *Argus* said: "A teacher was questioned about the report of a stabbing and he confirmed the fact that a boy had been cut. This teacher, however said it didn't seem serious, merely a fight between two boys." (Emphasis by WS). Stabbings at Hadley evidently are an everyday occurrence and nothing to be concerned about - "merely a fight between two boys." A student is butchered in the school corridor and a negro teacher flipantly passes it off as "merely a fight between two boys." This is the low state to which St. Louis schools have fallen since they were integrated. The day before this happened, St. Louis voters approved a \$3,465,000 yearly tax increase for schools. Instead of giving more money to finance integration, voters should demand School Supt. Philip J. Hickey be fired and the entire Board of Education thrown out of office.

Before the schools were mixed, Hadley was White. To

check on its present status. *The White Sentinel* phoned the school. A secretary, obviously a negress, answered. When asked if any Whites now attended, she refused to answer, asking instead: "What's your name?" and "What do you want to know for?" When asked again whether any White children attended Hadley, she kept repeating: "All the schools in St. Louis are integrated." Finally she said: "If they're integrated, they must have Whites. You want any more information, you call Mr. Hickey."

White taxpayers only pay the bills for St. Louis schools - they are not supposed to know what is going on. Further investigation revealed that fortunately there are no longer any White students at Hadley. Since there are only two technical schools, students from any part of the City may choose which one they wish to attend. Students in other schools, both elementary and high, are assigned to a school by Hickey based on geographical boundaries. Before integration Whites could go to any White school they wanted to and the same was true of negroes and their schools. The boundaries were thought up to minimize the shock of integration.

All Whites Left Mixed School

Hadley pupils were the only White students in St. Louis who had a choice whether to remain and be integrated or transfer to O'Fallon Technical High, which, while mixed, contains far fewer blacks. Integration began at Hadley in Sept. 1956. Before the end of the school year, every single White student had either transferred or quit. Inter-racial fights, conflicts and disturbances broke out almost daily. One near riot after school brought many police to the scene before it was quelled. Sticks and metal pipes, which could be used as clubs, disappeared from the carpentry shop. Naturally, nothing of this appeared in the *Post* or the *Globe*. They were too busy telling their misguided readers what a "success" integration was. But the children knew the truth and by June, 1957, every White student had left Hadley. Would Hickey, the Board of Education or the *Post-Dispatch* tell the people why, if race-mixing is such a "success," all the White students at Hadley voluntarily left? If the students all favor integration, as is claimed, why did they all leave?

Instead of being honest with the people and trying to do something about a bad situation, Hickey gave orders to cover everything up. He has been all over the country (even to Europe last summer) telling all who would listen how "wonderful" race-mixing was in St. Louis' schools. Ford's Fund for the (negroized) Republic spent \$50,000 filming a 30 minute movie called *A City Decides* allegedly "proving" how successful racial integration was working in St. Louis' schools. The film was a lie - one vicious deception after another. Yet, this false propaganda movie is being shown over the nation especially in the South and Border States. Ford's Fund for the Republic received its money from the profits of the Ford Motor Company.

NEWS FROM HOLLYWOOD - ANOTHER NEGRO "IDOL" FALLS

Negro Harry Belafonte and Joan Fontaine in a love scene from *Island in the Sun* produced by Darryl Zanuck.

HOLLYWOOD'S "NEGRO MATINEE IDOL"

A year ago, Harry Belafonte had finished starring in the disgusting, race-mixing movie *Island in the Sun*. He was hailed by Hollywood as "America's first negro matinee idol." *Look* Magazine gushed over him in a five page feature article and quoted an unnamed White woman newspaper writer as "speaking for all Belafonte's women fans when she says: 'He's as handsome as sin and blessed with sufficient West Indian tradition to remind women of romance under an island sun. When he's on stage, he makes us feel like doing crazy things.'" One of the purposes Zanuck produced the mongrelizing film was to cause White women to "feel like doing crazy things" with negroes.

A wave of revulsion swept the country. Aging, has-been actress Joan Fontaine received so many protesting letters, she left the country and has not been heard of since. In an interview, film tycoon Darryl Zanuck admitted he had received thousands of "unprintable" letters because he master minded and produced *Island in the Sun* showing Whites and negroes making love on a tropical isle. Zanuck complained: "They all start off by calling me a 'dirty Jew' when actually I'm a Gentile. Then they say they hope my daughter will have a child with 'kinky hair.' And they go on from there..." He says he isn't worried about the "lunatic fringe" letters because the picture made money, claiming it has grossed \$5,000,000.

Belafonte Now On The Skids

Belafonte was riding high. His recordings were big sellers. He was in demand for concert, nightclub and TV appearances. *Look* gleefully reported: "He is now committed to a movie career (\$200,000 a picture)...His next movie is to be what he calls a 'post-Civil War Western,' tentatively called *The Brothers*. It's a story of half-brothers, one White and one negro. He hopes his friend Marlon Brando will co-star in the movie." Nearly a year later, nothing more had been heard of Belafonte's *The Brothers*. All big movie studios have now indicated a new caution about employing Calypso Harry. "Too risky; there'll be too many organized boycotts against

him." report producers. Instead of being near the top, his recordings have slipped so badly none appear in the first 45 in sales. Personal appearances have fallen off.

At the height of Belafonte's press agent-inspired, synthetic popularity, he made a bad mistake. As so many other blacks who "arrive," he shed his first wife through a Nevada divorce and hastily married a dancer of Russian-Jewish descent whom he had met while attending classes at the communistic New School of Social Research in New York. The woman's father, who is in the music publishing business, quickly became his son-in-law's business manager, so perhaps love and business were combined. Soon after the March 8th, 1957, marriage, *Look* reported the couple would have a baby "in December." When the baby was born in August, it partly explained the negro's haste to marry the White woman. Zanuck paid him \$200,000 to make inter-racial love on the screen, so why not put it into practice in real life, reasoned Harry? Many who paid to view *Island in the Sun* were repulsed by his role. Others, including members of his own race, objected to his affair with the White woman while still married to a negress resulting in divorce and a "shot-gun" wedding.

Belafonte didn't turn out to be "America's first negro matinee idol" as hopefully predicted by Hollywood and *Look* Magazine. But already press agents are busy building up more negro "idols" to take his place. As soon as one negro falls to make the grade, the moguls of the entertainment industry have another ready to foist on the public. It is all part of the brainwashing to integrate and mongrelize America.

Harry defends his actions by contemptuously exclaiming: "What's all the excitement about? I, myself, am the product of inter-racial marriages—two of my grandparents were White."

Jaded movie actress Marlene Dietrich hugs "sugar" Ray Robinson at a party given for negro singer Billy Eckstine.

ADMITS URBAN LEAGUE HAS SAME GOALS AS NAACP

THE WALL STREET JOURNAL Thursday, January 30, 1958	
00*	Even organizations which share most of the
00*	N.A.A.C.P.'s goals generally shun its mili-
50*	tant means. "We're trying to achieve the same
50*	end as the N.A.A.C.P.," says an official of
	the National Urban League, an interracial
	group, "but we prefer using the slower meth-
	ods of education and community cooperation."

URBAN LEAGUE DESPERATE FOR FUNDS

The campaign to remove the Urban League from Community Chests and United Funds is gaining headway. Lester Granger, Executive Director of the National Urban League, is desperately appealing for funds. His letter reads:

"In Little Rock, Arkansas, race-hate and blackmail have combined for temporary triumph in the wake of mob rule organized under the stimulation of Arkansas' Gov. Faubus. Flushed with their victory in ruining peaceful (sic) desegregation of Central High School, that same mob's leaders turned their attention to organizing a blackmail threat against the city's Community Chest -- in the shape of a boycott campaign centered around the fact that the Little Rock Urban League was a member of the Chest.

"For twenty years the Little Rock Urban League has enjoyed the trust and respect of the community's leaders of both races as it has worked to solve employment, housing and family living problems of Little Rock's negro population, as it has in many other Southern communities where it has chapters. The League has been more than a welfare agency. It has also been the city's most important center of inter-racial communication and planning. It has been inter-racial cooperation actually at work.

"Today, because of race-hate, the Little Rock Urban League is no longer a member of the Chest, its officers having withdrawn in order to protect the existence of other social agencies. The hate-makers, therefore, have won a temporary victory - one which now inspires them to seek out the next target. Their victory must be only temporary.

"The National Urban League is moving to establish an emergency fund of \$100,000 to meet this fresh threat against our national safety and decency, not only in Little Rock, but in 17 other cities in the South where the forces of hatred have won early successes. Victory in this struggle-to-the-death between organized bigotry and aspiring democracy depends upon our establishment and maintenance of the very kind of inter-racial communication and cooperation which the Urban League is providing to Southern communities.

"This letter is addressed to you with the hope that you will recognize its urgency -- that you will respond immediately with your most generous contribution to the emergency fund -- so that the hate-makers of the South will not have delivered into their hands a program of inter-racial effort built up through so many years of devoted pioneering work."

(Signed) Lester B. Granger,
Executive Director, National Urban League.

WILD INTER-RACIAL ORGY HELD BY URBAN LEAGUE

The height of New York's negro social season is reached each year with the Urban League Guild's 'Beaux Arts' costume ball. White society people, who wish to go slumming, mix, mingle, drink and dance in various stages of dress and undress with the "cream of colored society" to help promote integration and mongrelization. Urban League members spend all year preparing for this inter-racial extravaganza.

Pictured above, Florence Dixon is presented with the Seagram Achievement Award given each year by Seagram Distillers to the negro who was "most helpful" to the Urban League during the previous year. Below, is Newt Kook, President of Dant Distillers, who was one of the judges for the various categories of costumes at the ball. Dant Distillers and F. and M. Schaefer Brewing Company contributed the prizes given the winners. Similar inter-racial orgies are held in Chicago, Los Angeles, Washington and other cities as part of the Urban League's program to integrate Whites and negroes.

IKE ASK FOR MORE INTEGRATED HOUSING

Presented as an "anti-recession" measure, the House of Representatives passed a \$1,850,000,000 emergency housing bill without debate or a record vote. Included in the bill is \$140,000,000 for 10,000 additional integrated public housing units. There are already some 1,750,000 housing units in the country. The bill now goes to the Senate which can amend the measure by deleting the \$140,000,000 altogether or by reducing the figure.

Public Housing A Miserable Failure

The White Sentinel has frequently shown integrated public housing to be a wasteful extravagance as well as harmful to the tenants and the neighborhoods where such projects are built. Even the negro press admits: "In New York where integrated public housing has been the reformers' goal for years, it is now disclosed that in some projects teen-agers tend to associate by racial groups, and this has resulted in severe incidents. Moreover, despite all efforts to mix tenants, projects in and near colored areas tend to become racially darker and darker, with Whites leaving as soon as possible."

The negro *Courier* admitted editorially, March 8, 1958: "The starchy-eyed plans of the reformers called for racial integration of all public housing projects, but this has been a complete flop even in the Swanker Title 1 Housing; because in New York, as elsewhere, White people in the main do not want to live in racially integrated housing and do everything possible to avoid doing so." Yet, politicians in Washington continue to appropriate hundreds of millions of dollars for more and more integrated housing.

U. S. News & World Report commented: "Today, (in New York), about 39% of all public housing for low-income families is occupied by negroes and 14% by Puerto Ricans. Most of these are located in racially integrated projects that were built in White neighborhoods. Where projects have substantial numbers of negro and Puerto Rican families, public

housing officials say, White families tend to move out. Among reasons given by those who leave are that crime, juvenile delinquency and dilapidation tend to become serious problems in such (integrated) projects. The Citizens Housing and Planning Council of New York, after a 15 month study, concluded: 'Public housing is being stigmatized as a bad place to live by normal (White) low-income families of good standards.' The situation in public housing is one aspect of social problems that have come to New York as negroes and Puerto Ricans grow in numbers. Officials withhold racial statistics on crime and relief rolls."

To Integrate Projects In South NAACP Goal

Public housing projects are being used in the North and Border States to race-mix White neighborhoods. Unfortunate White families are compelled to live with negroes until such time as they are able, often at great sacrifice, to move out. To further the process of mixing, black agitators are now demanding that no more projects be built in all-negro areas. Harlem spokesmen have petitioned New York's City Housing Authority not to proceed with the next 2 scheduled projects there, but to build them in White neighborhoods so the black plague can move in.

Three days after the Supreme Court's *Black Monday* decision, the NAACP filed suit in Federal court to integrate Savannah, Georgia's housing projects. This suit is now pending before the U.S. Court of Appeals for the Fifth District located in New Orleans. Whatever the outcome there, the case will go to the Supreme Court which will rule that no project anywhere in the country can exclude negroes. Then the NAACP will file suits in local Southern communities to compel housing authorities to racially integrate their projects. If there are any objections, Eisenhower will be asked to send the paratroopers to let the Southern White people know who's running the country.

Southern Politicians Vote For Integrated Housing

While posing as segregationists in their home states, some Southern Senators vote funds for more and more integrated public housing. Stennis of Mississippi; Johnston of South Carolina; Hill and Sparkman of Alabama; Fulbright of Arkansas; Ellender and Long of Louisiana; Scott of North Carolina, regularly vote funds for integrated housing. Kefauver and Gore of Tennessee and Yarborough of Texas also vote for race-mixing housing.

Eleven year old George Jones shows police how he killed 7 year old Louis Diamant. Louis' grieving parents (right) stare helplessly from a window in their apartment. Both families lived in an integrated New York public housing project. The negro extorted money from younger White children living in the same project. When Louis refused to give him a dime, George pushed him off a pier to drown. Last June, while living in another integrated public housing project, the young negro killed 4 year old Theresa Murphy in the same way because she had tattled on him.

Crimes of the most vicious sorts flourish in all race-mixed public housing projects where decent White families must live and bring up their children among negroes of the lowest types. The murders of these children, forced to live and play with negroes by the politicians, wouldn't even have made news except that the negro who committed the crimes was only 11 years old.

RUSSIA SEGREGATES WHILE TELLING TO INTEGRATE

Asiatics Segregated In Central Asian Schools

Soviet Russia is divided racially, as it is geographically, by the Ural Mountains. On one side of the Urals is Europe with a predominantly Caucasian population; on the other Asia with a largely Oriental population. Both races are strictly segregated in the schools of Central Asia - Europeans attend one; Asiatics another. In 1955, Robert Kennedy, now chief counsel for the Senate "labor rackets" committee, made an extensive tour of Asiatic Russia, called Central Asia, with Supreme Court Justice William Douglas. Upon his return, Mr. Kennedy reported:

"The Russians maintain one set of schools for their children and one set of schools for the local people. It is a segregated school system. The explanation the officials gave us is that people like their own schools... All I know is that segregation exists. In every city that we visited in Central Asia, the schools were segregated - the Russian school children in one school - the local children in another." When Mr. Kennedy was asked if there was a difference in color between the Russians and the natives, he replied, "Oh yes, they are completely different. The Russians are European, while the natives are Mongolian - a dark race."

Justice Douglas, who played an important role in the infamous *Black Monday* decision, concurred with Mr. Kennedy's findings. He wrote: "The Soviets have foisted segregation on Central Asia. There are separate schools for the natives and separate schools for the Russians. The native schools are taught by native teachers. The teachers in the Russian schools are almost always Russians."

In his book *Russian Journey*, Douglas comments: "Some Uzbek teachers in Tashkent and some Kazakhs who were in the Alma Ata City Government defended segregation, pointing with pride to the provisions in the state constitution that the native people are guaranteed the right to receive public school education in the native language. And so they are. But the natives are still at a loss to justify the practice of putting the Russians in separate schools."

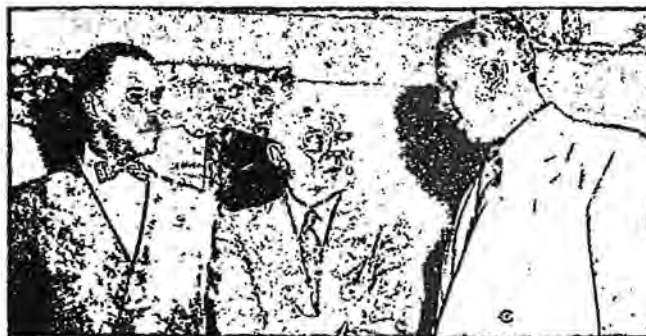

Integration Didn't Work In Central Asia

The Soviet rulers defend their segregation policies as being "desirable from a cultural standpoint - to preserve the cultural traditions of the native peoples." The real reason is that they are desperate to produce highly skilled scientists, engineers, physicists, chemists, biologists and all types of technicians. They found that mixing the colored races of Central Asia with Caucasians lowered ability and educational standards. So, as Douglas put it, "The Soviets foisted segregation on Central Asia." Racial integration and mongrelization are for export, not for use in Russia. They are weapons used by the Communist Fifth Column in America to weaken, demoralize, corrupt - to flood White education institutions with negroes thereby retarding the progress of the better White students. Russia segregates her colored races while her agents seek to integrate America.

The Big Lie

Addressing the Lions Club of McComb, Miss., Judge Tom Brady listed the four great lies being used by the racial integrationists as: "That all men are created equal; that segregation is un-Christian; that there are no racial differences beyond colors of skin, and that segregation laws make second class citizens." Judge Brady is right as far as he goes, but there is one more lie, perhaps the biggest of all. It can best be expressed as: "If we don't give the negroes everything they demand, the colored peoples of the world won't like us

SELLING OUT AMERICA TO COMMUNISM'S FIFTH COLUMN

Eisenhower meets with NAACP leaders Roy Wilkins and Theodore Spaulding to plan moves against White America. Eisenhower doesn't look too happy about it, but he and his Supreme Court appointees (as well as the Truman-Roosevelt appointees) followed the dictates of the Communist-inspired NAACP as far as they dared. Lester Granger, Executive Director of the Urban League with a long red-front record, visited Eisenhower at the same time as did the NAACP spokesmen. The Urban League and the National Association for the Advancement of Colored People joined forces to "persuade" the President of the United States to adopt part of the Communist Fifth Column's Program to integrate and mongrelize the United States of America. The political activities of both the Urban League and the NAACP are supported by the profits of the Ford Motor Company. The Urban League receives most of its money from the United Funds or Community Chests in 57 cities as well as repeated generous contributions from Philip Morris, Inc., makers of Philip Morris, Marlboro, Parliament and Spud Cigarettes.

and will go over to Communism." Or, as race-mixer Dr. Frank P. Graham expressed: "Some 800,000,000 of the world's colored people are now swaying between the free world and the totalitarian world and the way they go is the way the world goes. So what we do about colored people in Charlotte, N. C., makes a great deal of difference in what the world does about the United States."

Ridiculous, yes, but it is the tactics of the big lie. This tactic was supposedly put into words by Adolph Hitler, who it is claimed said: "Don't tell the peoples a little lie, they won't believe it. Tell them a big lie and tell it to them over and over again and finally they will believe it." The "liberals" and their Communist allies are doing just that.

In the first place, the Communists in Russia and all over the world have always been severely critical of segregation in the United States. To say that if America adopted the Communists' demand and abolished segregation, it would be a blow to Communism, is too farcical to even contemplate. The Communists don't spend years of time and countless millions of dollars to advocate a policy which would harm them and aid West Civilization. Yet, that is what the promoters of the big lie would have us believe.

In the second place, except for a few professional agitators, foreign colored peoples don't care and have no interest in what happens to negroes in America. They are interested only in their own personal welfare and care nothing about anyone else even in their own countries. Only the White race indulges in the luxury of charity. The 1,000,000 Palestinian Arab refugees driven out into the deserts would all have starved to death long ago except for the UN (most of the money being contributed by the United States). Is there on record any instance of any colored peoples anywhere in the

(Continued on page 6)

world ever contributing anything to the negroes in America who cry they are being so "cruelly persecuted and discriminated against?" Of course not!

The "liberals cry: "What will Russia think of us unless we integrate?" Yet, Russia itself practices racial segregation. Will Communist Russia suddenly begin to love capitalist America if we amalgamate with negroes? How ridiculous can the "liberals" get?

India's caste system holds 60,000,000 Untouchables under conditions worse than slavery while Nehru makes pious speeches against segregation in America. If America can't gain India's friendship by the millions of bushels of wheat and other aid given to feed India's starving millions, it certainly can't gain it by race-mixing.

The "liberals" would have us believe the natives of Africa are deeply concerned over whether 9 negroes can go to a White school in Little Rock instead of their own which incidentally is newer and better equipped than the White school. Most natives in Africa don't even know what a school is. If they have any feelings on the subject, it is one of jealousy. They would be delighted to change places with America's allegedly "persecuted" negroes.

The French press was the most violent in its denunciations of America over Little Rock. The U. S. has saved France through two bloody wars in the past 40 years, given and "loaned" it billions of dollars and still France doesn't like us. Would integration and mongrelization make any difference? Of course not. While the French press was excoriating America last fall, French troops were shooting down Algerians in North Africa. Incidentally, France has segregated schools for French children in Algeria. Segregation is terrible in Little Rock, but all right in Algeria.

Certain church leaders and returned missionaries claim the reason they can't convert more heathen is because of the way the negro is treated in the U. S. Instead of harming the spread of Christianity, this should stimulate its growth, for the average negro in America is treated far better than the average colored person in any colored country on earth.

Where are our Friends

The supporters of the big lie tell us other nations will be our friends if "racial injustice" is eliminated. During the past 10 years, court decision after court decision, law after law, executive decree after executive decree have been made granting the insatiable arrogant demands of the negro leadership. But where are our friends? Instead of making friends, the compromises and concessions to the negro minority are considered to be manifestations of weakness and decadence. This is true not only of the U. S., but of England, France, Holland, etc. The White man's lack of racial pride, his sell-outs to the colored races, have caused him to be driven out of Asia and if continued will cause him to be driven out of Africa.

The lies, falsehoods, distorted and perverted propaganda of the race-mixers must be exposed. White America must learn the truth concerning the menace of racial integration.

Satchmo Stands up NAACP Rally

Gravel-throated Lou Armstrong, a negro jungle jazz entertainer who likes to be called "satchel-mouth," has NAACP officials up in arms. They wanted to honor him for his blast (see Oct. WS) against the United States in which he said "the Government can go to hell" because Eisenhower did not send Federal troops quickly enough to enforce integration in Little Rock. Learning that the jazz trumpeter was to be in Detroit, the NAACP arranged for a rally at the Veterans Memorial in honor of Armstrong and announced that an award would be presented to him. The blights waited for four hours for Satchmo and then left in disgust without being able to present him with the citation. NAACP officials desperately tried to contact him and claimed that his appearance had been cleared through his New York office.

Questioned by reporters for his failure to attend, Lou said: "As far as I'm concerned, the folks who pay to hear me play are the most important. If I gotta be honor guest here and honor guest there and get citations and say howd-do and be polite and all that stuff, then I got no time to go out there and perform for the paying customers. If I gotta be guest of honor every place they say in New York I gotta be, then they gotta stop booin me to give performances." So Armstrong held a press conference, went to bed and left for Canada the next morning leaving the NAACP stuck with one unused citation for racial agitation. Furious NAACP officials said everything had been arranged weeks before and the least Satchmo could have done would have been to notify them he would not show up instead of letting them wait for four hours.

Armstrong, who became the darling of the NAACP and the Communists after his savage attack upon the people of the United States and the Government, evidently wants no part of the NAACP. The wave of indignation and revulsion which swept America after the attack by this ungrateful negro hurt both his ego and his pocket-book. He apologized to the President and hired an expensive set of press agents to undo the damage he had done. They probably told him to stay away from the NAACP. Satchmo, a "reformed" drug addict, even has nice things to say about the South now. Playing in the Indoor Stadium at Duke University, Feb. 11th, he said: "I'm glad to be back home. I was born in the South and regardless of what's happened, I'm glad to be here. I'd say the racial situation has definitely improved since I started blowing my horn down New Orleans-way back in the 20s."

Lou Armstrong and Tallulah Bankhead josh each other at a New York meeting. Tallulah, a close friend of Satchmo boasts she was the only White woman at a testimonial for him in Harlem.

RED CROSS OFFICIALS HELP KILL PURE BLOOD BILL

The bill introduced in the Georgia Legislature by Senator Frank Quill Sammon, Jr., of Lawrenceville, to label as to race all blood used in the State for transfusions (see Feb. WANS) passed the Senate unanimously. Under provisions of the bill all whole blood collected and transfused into the veins or arteries of patients would be "labeled Caucasian, Negroid or Mongoloid or some suitable abbreviation of such words so as to clearly indicate the race of the donor of such blood." The bill was amended in committee to take out a provision that persons receiving a transfusion or their relatives would be advised as to the race of the blood used. The measure provided misdemeanor penalties of up to 18 months imprisonment and \$1,000 fine.

Shouted Down In House

It is difficult to understand how any rational person of average intelligence could oppose a bill which would have assured needy patients and their families that Caucasian blood would be pumped into their veins instead of Negroid or Mongoloid. How could anyone object to having blood available for transfusions labeled as to race? Yet, the Georgia House of Representatives "shouted down the bill" by voting to table it indefinitely; thereby killing the measure at least for this session. It was defeated by a voice vote so that the "honorable" Representatives would not have to go on record and later explain to their constituents why they object to only White blood being given White patients. Only a few "No" votes were heard in opposition to having the measure tabled indefinitely.

Red Cross Officials Lobbied Against Bill

The move to table was made by Rep. W. C. Parker of Baxley. After Parker made his motion, Rep. James Mackay of Decatur "rushed to the microphone and shouted that the bill was opposed by the Georgia Hospital Association and by persons connected with Red Cross blood banks." Parker gave as his reasons for opposing pure blood and favoring the use of negro blood in transfusions given to White patients: "If I were dying, I wouldn't care what kind of blood I got if it saved my life. And besides, I think I have enough White blood that it would overcome any little dab of any other kind I might need to remain alive."

Stampeded by the lobbying pressure of the Hospital Association and the Red Cross, the House killed the pure blood bill after making sure the vote was to be taken by voice so that no names would be recorded. The Red Cross, an al-

legedly charitable organization (although few servicemen consider it as such), has placed itself on record as opposing the right of Whites to even choose the blood that will be pumped into their veins through the actions of its officials in lobbying against Sen. Sammon's pure blood bill. The Georgia House, with the exception of a few members, the Hospital Association and the Red Cross have a great deal of explaining to do. *White Sentinel* readers in Georgia should contact their Representatives and demand to know why they opposed this bill.

Red Cross Deception

The August, 1953, *White Sentinel* first exposed the fact that the Red Cross was no longer labeling its blood stocks due to pressure from the United Nations.* After this information was released, John S. Billings, Director of Field Services, Southeastern Area, American National Red Cross, denounced the National Citizens Protective Association saying: "We do not know what is motivating the National Citizens Protective Association in releasing such information. We are referring the information to our National Headquarters, requesting that an investigation be made, because of the unwarranted and well nigh insidious implications of the statement released by the National Citizens Protective Assn."

Mr. Billings quoted the basic policy of the Red Cross Program as: "...whenever necessary to insure the success of the plan, chapters will collect and hold blood in such a manner as to give the physician and patient the right of selection at the time of administration." Mr. Billings' statement was made on April 8, 1954. He was either deliberately lying or unaware that on Nov. 20, 1950, the Board of Governors of the Red Cross, meeting in Chicago, made null and void its previous voluntary blood segregation policy and ordered that no racial identification be permitted on any blood collected by its blood banks in the future.

Dr. Howard H. Montgomery, Director of the Eastern Area Blood Program, American National Red Cross, has flatly stated: "The race of the donor has not been shown on any Red Cross records or on the labels applied to the bottles of blood since 1951." How can either the physician or the patient choose Caucasian blood under its present policy? It is shocking to have an organization, depending for its very existence on the charity of White Americans, deliberately mix the blood it collects. It is even worse when its high officials use deception and falsification in an attempt to cover up its blood-mixing program.

* EDITORS' NOTE: For further information on United Nations' pressure which caused the Red Cross to change its time-honored policy of recording the races of blood donors, see the January, 1957, *White Sentinel*. Copies are available at 10¢ each.

Remember Little Rock

RUBBER STAMPS of the reproduction shown may be procured from the office of the Association of Citizens' Councils of Mississippi, 207 West Market Street, Greenwood, Mississippi, for \$2.00 postpaid. These imprints are effective on letters, checks, envelopes and other communications.

Negro agitators have complained to postal officials about imprints bearing the words "Remember Little Rock" and "Brotherhood By Bayonet" and asked that they be barred from the mails. Abraham Goff, General Counsel of the Post Office Department, said he would investigate the legality of such imprints appearing on envelopes sent through the mail.

RED CROSS AND BLOOD LABELING

Continued from page 7

The Blood Should Be Kept Separate

In a letter dated Nov. 22, 1957, Dr. Sam T. Gibson, Director Blood Program, American National Red Cross, sought to justify mixing the blood because: "Persons suffering from sickle cell anemia are excluded as blood donors by the hemoglobin test just as any other person with anemia is excluded. The defect (sickle cell anemia) exists in the forming organs and cannot be transmitted by the blood cells themselves." Furthermore, it is the official policy of the Red Cross that "there is no difference in the blood of humans based upon race or color."

The National Citizens Protective Association is pleased to have it officially stated that Red Cross blood is tested for sickle cell anemia, but that is not the point. The fact that dreaded, hereditary blood disease, for which there is no known cure, is found only in persons with negroid blood should be sufficient proof that there is a difference between Caucasian and negroid blood. We have repeatedly asked the blood-mixers why sickle cell anemia is found only in negroes and part negroes, but we have never been able to get an answer.

Aside from the presence of sickle cell anemia in Negroid blood, all blood contains the secretions of the body glands such as testicles, ovaries, thyroid, pituitary, etc. Few Whites would deliberately choose to have negro blood transfused into their veins. Why is the Red Cross so determined to continue mixing the blood that its officials will lie about it and lobby against a bill in the Georgia Legislature to give people a choice? The position of the National Citizens Protective Association is that blood should be labeled by race in order for patients, their relatives and physicians to have a choice of blood used in transfusions. Why should this even be controversial? In these days of race-mixing, has it become a "crime" to want White blood? These questions should be answered not only by the Red Cross bureaucrats, but by the members of the Georgia House of Representatives who shouted down Senator Sammon's pure blood bill.

GLEANINGS FROM OUR MAIL BAG

"The article you wrote in the March issue of *The White Sentinel* on the Fifty Million Club reached a large network of readers. I learned this by the response in my mail. Today as I write, there are letters from California to Florida, and from Ohio to New Orleans on my desk. I have responded to each and every one by return mail. If I may, I should like to thank these sturdy conscientious, hardy and honest American citizens for their kindly open hands to aid me in this endeavor. It is like carrying a load on a slippery grade; and feeling the strong grasp of a friendly hand to prevent faltering. Never in my life have I had a more fitting demonstration that there is a closeness of friendship and a nearness of hearts in this good old USA as long as the motive is decency; and the goal is for the common good of those we love. To all these newfound friends, thanks and Godspeed. Sincerely,

(signed) Wm. A. Duerson,
111 E. 2nd Street,
England, Arkansas"

Marvin Mobley, Decatur, Ga., writes: "In his First Inaugural Address, Abraham Lincoln wisely said: 'The candid citizen must confess that if the policy of government upon vital questions affecting the whole people is to be irrevocably fixed by decisions of the Supreme Court, the people will have ceased to be their own rulers, having to that extent practically resigned their government into the hands of that eminent tribunal.' That is the Lincoln statement the Communists hate most."

A subscriber from Montevideo, Minnesota, writes: "You'd be surprised how many sympathizers you have up North here in spite of the brainwashed multitudes. They arrested 250 persons in raids on several Rondo Street dives in St. Paul and not a word about race. Days later a picture appeared inside the Minneapolis *Star* showing the line-up at police headquarters and they were all black as I suspected, knowing the Rondo Street district and what the negroes are doing to it. I've been a dyed-in-the-wool Republican all my life. Now I'm ready to join the Dixiecrats or a Third Party. Not only should the Supreme Court be impeached, but Eisenhower also."

A lady from Los Angeles writes: "Thank you for exposing the ADC racket. Negroes from all over are pouring into California, having illegitimate children and going on ADC. With 2 children, they get \$165 a month, tax

exempt. They never had it so good and we White taxpayers have to foot the bill. Please send me \$3.00 worth of your March issue. I will try to get patriotic groups here in Los Angeles working on it."

THE HISTORY OF LITTLE ROCK

(Dedicated to Governor Faubus)

Listen my children and you shall hear
Of important happenings in a crucial year.
September 1957, in the early fall,
The President and a Governor engaged in a brawl.

The Governor said, I'll rule my State.
Nix, said the President, you're out of date.
But the Governor really had studied his law
And he maintained the peace without a flaw.

So the President called up his Palace Guard,
Say, fellows, how many soldiers are in my yard?
Not enough, they replied, to mix the schools,
Why don't you invoke your RED COURT rules?

That we will do, the Attorney General replied,
The National Guard shall be Federalized.
And so it was, within 24 hours,
The Little Rock schools were overpowered.

Now what could have created such a mess?
Brownell, Warren, Frankfurter would never confess
That only nine children descendants of Ham
Wanted to mix with the descendants of Shem.

STATES RIGHTS - SEGREGATION

This is the issue of the hour. You are fast becoming a slave to the Government and the Communist elements in America and Russia.

Segregation is God's plan - God separated the nations in the beginning and the devil is trying to put them together now.

WAKE UP, AMERICA, before you become a slave to centralized government control.

Rev. ROY A. HEATH of the Galvary Baptist Church in Denton, Texas, is a believer in the separation of the races and he is going on the radio station KDNT, 1440 on your dial, with a daily program on what is happening to the people of America.

As in the early days of Texas the cry was, " Remember the Alamo " so today the cry is, " Remember Little Rock, " for the government of the country which is supposed to be for the people is really against the people.

I will come into any community and speak for the people in the name of the Lord Jesus Christ and tell them the peril of the hour. This radio time will be paid for by contributions from individuals interested in the future of America.

Dallas, Texas
May , 1958

TO: Dallas Board of Education
City of Dallas.

GREETINGS:

WE THE UNDERSIGNED:

Each being a white law abiding American citizen, of the city of Dallas and State of Texas, wishing to preserve the peace and tranquility of our Community having one and only one objective and purpose, that of preserving our rights and privileges under the Constitution of the United States of America; being fully aware that the United States Supreme Court has decreed racial segregation in our public schools to be unconstitutional;

DO HEREBY DECLARE:

That said Supreme Court of the United States did base their decree on section one (1) of amendment fourteen (14) of the Constitution of the United States of America. Said section of said amendment reads as follows:

"All persons born or naturalized in the United States and subject to the jurisdiction thereof are citizens of the United States and of the State wherein they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any State deprive any person of life, liberty or property without due process of law, nor deny any person within it's jurisdiction equal protection of the laws."

WE FURTHERMORE DECLARE:

That it is our sincere belief that the fourteenth (14th) amendment of the Constitution of the United States of America has been misconstrued by said Supreme Court of the United States of America in direct violation of amendments both numbers nine (9) and ten (10) of the Constitution of the United States of America.

IN AS MUCH AS:

Amendment number nine (9) reading as follows:

"The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people."

WE HEREBY DEMAND OUR CONSTITUTIONAL RIGHTS AND PRIVILEGES;

to retain the right for ourselves and our children to associate with people of our own choosing and we demand we not be forced to mingle with any persons with whom we do not choose to mingle.

WE HEREBY DEMAND:

Amendment of the Constitution of the United States of America to read as follows: "The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people."

Witness my hand and seal this 1st day of May, 1958.

J. Edgar Hoover, Director of Federal Bureau of Investigation

J. Edgar Hoover, Director of Federal Bureau of Investigation

J. Edgar Hoover, Director of Federal Bureau of Investigation

IN AS MUCH AS:

The Constitution of the United States leaves the power of decision as to education and educational facilities of children residing in each and every State to the jurisdiction of the respective States and laws of said States wherein they reside.

WE DO FURTHER DECLARE:

That we have no objection to civil rights for each and every citizen of the United States in as much as civil rights gives all persons, regardless of race, color or creed the privilege to learn a trade, earn the same wage and enter into business if he so desires.

BUT WE DO DECLARE:

That we do not believe in social rights as defined by said Supreme Court in as much as we believe we as well as our children are entitled to conduct our social life for what we know and believe is in our best interest and that of our children.

WE FURTHER DECLARE:

That the problem of racial segregation has been solved four (4) times before and declared Constitutional by the Supreme Courts of the past, and we feel that four (4) to one (1) is a very substantial majority.

THEREFORE:

We urge that the members of the Dallas Board of Education be fully aware of the grave consequences involved in desegregation of our public schools. We also recommend the clergy in Dallas preach the entire Bible and not the parts the church board specifies.

We feel that God in his infinite wisdom created everything and that if God had intended every man to be alike he would have made him so in the beginning. We most sincerely believe that if each and every man, both black and white shall study his Bible and also study world conditions as they exist today they shall rise as one and put down the force we believe is trying to destroy us all.

THEREFORE:

We believe in the mutual interest of all of us this should not be an issue of education but an issue of far more importance to all of us.

THEREFORE:

We urge you to make an exhaustive study of the precarious position in which you have been placed, as well as the pupils of all public schools both white and black. We feel that our children should have a voice in this matter as they are the ones affected; however it is our responsibility to do what is best for them.

We urge you to take your time and do what is best for all children in our public schools.

We do not feel desegregation at any time will contribute to the welfare of any child of either race.

Yours very truly,
